EURONEXT

Dear Shareholders,

As promised, we would like to inform you today about our progress in finding a solution for EURONEXT and possible alternatives.

EURONEXT has notified us of the reasons for the trading suspension of our shares and the delisting on 24 June 2019. From our point of view, the reasons given constitute misunderstandings and misinterpretations. With the support of our lawyers in Paris, we are striving to resume stock trading and avert the announced delisting.

A listing/second listing on a German-language stock exchange requires the submission of revised financial statements for 2018. These have been completed now and are currently being audited. We are optimistic about a listing on a German-speaking stock exchange within the next 8 to 12 weeks.

To bridge the gap between now and then, we have been in intensive negotiations with four potential partners over the last 14 days in order to enable OTC trading of our shares. We hope to be able to communicate this option to you in the coming days. And would like to thank you for your patience.

We assure you once again that the intrinsic value of the share will not be affected by the trading suspension. Shareholder attendance at our Annual General Meeting, which is expected to take place on 17 July 2019, will not be affected either. Your depository banks will of course issue you with the required share blocking receipt for your bearer shares so that you can attend the General Meeting.

The exact date of the General Meeting is published in the Swiss Official Gazette of Commerce (SOGC) in accordance with the Articles of Association.

If you have any questions, please do not hesitate to contact us.

Best regards
